

GARDEN APPRECIATION REVIVED

Lyn Dumont 0422 635 451

With the approval of your Committee, I have planned several garden outings this year. These outings will be held on Saturdays, as some gardens are run by volunteers and are only open on weekends.

The first for 2026 will be to Red Cow Farm Garden at Sutton Forest. This is a world class cool climate garden situated in the Southern Highlands.

Meeting at the Campbelltown Catholic Club carpark at 8.30am on Saturday, 11th April, be prepared to drive yourself or arrange to travel with a friend. However we will endeavour to arrange shared transport for company before we set off. In the past, if you are travelling with others, it was the practice for passengers to purchase morning tea for the driver or pay entrance fees, but no cash payments/petrol money were given.

We will stop for a morning tea break at Mittagong RSL before heading to Red Cow Farm on the Illawarra Highway and afterwards lunch at the Sutton Forest Inn or otherwise bring a picnic lunch.

Two other gardens proposed for this year are the Illawarra Grevillea Gardens at Bulli and the Illawarra Rhododendron Gardens at Mount Pleasant. We will visit these two gardens in early spring. They are located less than 45 minutes from Campbelltown.
